Subject: Now This Thursday: Industry Stakeholder Call on Norway's Proposed Amendments to the Basel Convention

Dear colleagues,

I apologize for the short notice, but given upcoming schedules, we have decided to re-schedule this call for **this Thursday, January 31, from 9 AM – 10 AM**. Call-in information remains the same:

Access code: 

Please find attached the amendment proposals, as well as comments that the United States submitted on proposals.

Thank you,
Kate

Subject: Industry Stakeholder Call on Norway's Proposed Amendments to the Basel Convention

Dear colleagues,

As we flagged previously, Norway has put forward the attached proposals to amend annexes II, VIII, and IX of the Basel Convention, which are related to plastic wastes and are an update of proposals submitted in advance of September's Basel Open-Ended Working Group. The proposals will be considered for adoption at COP-14, which will take place April 29-May 10 in Geneva.

We invite you to join an industry stakeholder call on these proposals on **Tuesday, January 8 from 11 AM-12 PM**. Call-in information is:

1-888-675-2535

Access Code: [REDACTED]

We will use the call to share initial U.S. views on these proposals, and to hear your views. We also welcome any views in writing, either before or after the call. In the months leading up to the COP next spring, we plan to consult with several other countries. We will use your input to inform our position in advance of those consultations.

Many thanks,

Kate
